**FOR IMMEDIATE RELEASE**

## **PLAYGON GAMES DOUBLES DOWN ON ITS STATE-OF-THE-ART LAS VEGAS STUDIO**

Vancouver, B.C. – October 15, 2020 – Playgon Games Inc. (TSX-V: DEAL / OTC: PLGMF / Frankfurt: 7CR) (“Playgon” or the “Company”) is pleased to announce that the industry interest received since starting to showcase the Company’s proprietary mobile focused “Live Dealer” and “E-Table” games has resulted in the Company advancing its strategic decision to double the current table capacity of the studio.

While this expansion was budgeted in the original business plan for later next year, the company strongly believes that moving this capital project forward now will enable Playgon to capitalize on expected customer demand and enhance revenue potential in the medium term by offering a wider selection of table choices faster than originally planned.

“It’s clear from the responses we’ve been receiving to our demonstrations that we’ve been too conservative in our plans”, stated Steve Baker, COO, Playgon. “By moving the timetable up on this table expansion we’ll be well positioned to meet customer expectations without the possibility of delay due to construction. It’s the right move at the right time.”

### **About Playgon Games Inc.**

Playgon Games Inc. (TSXV: DEAL / OTC: PLGMF / FSE: 7CR) is a technology company focused on developing and licensing digital content for the growing iGaming market. The Company provides a multi-tenant gateway that allows online operators the ability to offer their customers innovative iGaming software solutions. Its current software platform includes Live Dealer Casino, E-Table games and Daily Fantasy Sports which through a seamless integration at the operator level allows customer access without having to share or compromise any sensitive customer data. As a true business to business digital content provider, the Company products are ideal turn-key solutions for online casinos, sportsbook operators, land-based operators, media groups, and big database companies.
