## FOR IMMEDIATE RELEASE

### Proposed Shares for Debt

VANCOUVER, British Columbia – June [x], 2024 – [Playgon Games Inc. \(TSX-V: DEAL / OTCPINK: PLGNF/ Frankfurt: 7CR\)](#) (“Playgon” or the “Company”), a propriety SaaS technology company delivering ‘state of the art’ mobile live dealer technology and eTable games to online gaming operators globally announces that it intends to settle an aggregate of \$656,525 of debt, representing interest payments owed to the holders of previously issued convertible unsecured debentures (the “Debentures”), via the proposed issuance of 22,582,498 common shares of Playgon (“Common Shares”) at a deemed issuance price of between \$0.025 and \$0.03 per Common Share (calculated based on the applicable VWAP as contemplated under the applicable supplement to the Indenture (as defined below)).

The proposed issuance includes an aggregate issuance of approximately 13,954,999 Common Shares (reflecting the settlement of \$418,650 in interest payment debt) to insiders of Playgon who participated in the financings. As previously disclosed, the Debentures were issued by Playgon on January 19, 2023, March 24, 2023, May 3, 2023 and December 29, 2023 pursuant to a debenture indenture dated January 19, 2023 (as supplemented by supplemental indentures on each of the aforementioned dates) (collectively, the “Indenture”) among Playgon and Odyssey Trust Company, as trustee (the “Trustee”). Pursuant to the terms of the Indenture, Playgon is authorized, at its discretion, to satisfy any portion of interest payments owed by way of the issuance of Common Shares by providing notice to the Trustee. The proposed shares for debt transaction is subject to the terms and conditions set forth in the policies of the TSX Venture Exchange (“TSXV”) and the completion of the shares for debt transaction, as well as the issuance of the Common Shares, remains subject to the review and approval of the TSXV.

The portion of Common Shares issued to insiders of Playgon will be deemed a “related party transaction” in accordance with TSXV Policy 5.9 and Multilateral Instrument 61-101. Playgon intends to rely on an available exemption pursuant to MI 61-101 from the minority shareholder approval and valuation requirements as neither the fair market value of the subject matter of, nor the fair market value of the consideration for, the transaction, insofar as it involves interested parties, exceeds 25% of the issuer’s market capitalization.

### About Playgon Games Inc.

Playgon is a SaaS technology company focused on developing and licensing digital content for the growing iGaming market. The Company provides a multi-tenant gateway that allows online operators the ability to offer their customers innovative iGaming software solutions. Its current software platform includes Live Dealer Casino, E-Table games and Daily Fantasy Sports, which, through a seamless integration at the operator level, allows customer access without having to share or compromise any sensitive customer data. As a true business-to-business digital content provider, the Company’s products are ideal turn-key solutions for online casinos, sportsbook operators, land-based operators, media groups, and big database companies.
