FOR IMMEDIATE RELEASE

PLAYGON GOES LIVE WITH SOLID GAMING

Vancouver, B.C. – October 7, 2021 – Playgon Games Inc. (TSX-V: DEAL / OTCQB: PLGNF/ Frankfurt: 7CR) and/or its subsidiaries (“Playgon” or the “Company”), a SaaS technology company focused on delivering mobile live dealer technology to online gaming operators globally, is pleased to announce that it has gone live with Solid Gaming, a Bally’s Corporation Company.

“Solid Gaming represents a significant opportunity for Playgon to scale our business and market reach as they are considered a premium aggregator in our industry that service multiple large gaming brands with digital content,” said Darcy Krogh, CEO of Playgon Games. “We have worked hard over the past several months customizing, integrating, and testing with the Solid Gaming integration team to ensure that we can support their mature business. We expect rapid adoption of our mobile focused live dealer games among their customers and expect to see continued growth in metrics as we on board additional accounts in the weeks and months ahead.”

Shaun Cowles, CCO at Solid Gaming says: “Playgon has once again shown how innovative they are by bringing this mobile live dealer technology to the market place. We continue to enjoy working with them in delivering games that our customers want”

About Playgon Games Inc.

Playgon Games Inc. (TSXV: DEAL / OTCQB: PLGNF / FSE: 7CR) is a technology company focused on developing and licensing digital content for the growing iGaming market. The Company provides a multi-tenant gateway that allows online operators the ability to offer their customers innovative iGaming software solutions. Its current software platform includes Live Dealer Casino, E-Table games and Daily Fantasy Sports which through a seamless integration at the operator level allows customer access without having to share or compromise any sensitive customer data. As a true business-to-business digital content provider, the Company products are ideal turn-key solutions for online casinos, sportsbook operators, land-based operators, media groups, and big database companies.
